

Sprint 3 Report

Product: Amazon Discount Finder

Team: ADF

Date: November 19, 2017

1 Actions to stop doing

We should stop putting off TSR's.

2 Actions to start doing

We should start communicating the dependencies of our subprojects.

3 Actions to keep doing

Things we should continue to do that will keep the dynamic of our group healthy is contributing and having a voice at Scrum meetings. We should continue to communicate on slack about our progress as well as in scrum meetings. We should continue having Wednesday workshops.

4 Work completed & not completed

The following user stories from the sprint plan were completed:

- As a developer, I want to be able to determine the average price over time of an item.

The uncompleted user stories are as follows:

- As a developer, I want to scrape everything off of goldbox.
- As a user, I want to have items added to my shopping cart.

5 Work completion rate

Sprint 3

- Total number of user stories completed during the sprint: 1
- Total number of estimated ideal work hours completed during the sprint: 20
- Total number of days during the sprint: 14
